

Marian Jurkovsky

UI/UX Design

UI/UX designer based in New York City with a background in civil construction technology, web design and years working in the hospitality industry that lifted my focus on accomplished user experience. Passionate about helping people and transferring clever ideas to working products.

UX/UI DESIGN PROJECTS

Easy Web Chef, Responsive Recipe App | CareerFoundry Case Study
January 2021 - March 2021

- Applied a user-centered design process and mobile-first approach to design a responsive web app for finding and sharing recipes.
- Conducted competitive analyses, user interviews, surveys, and A/B testing to gather invaluable research data and develop personas, user flows, and sitemaps.
- Designed 33+ high-fidelity screens, mockups, prototypes, and a comprehensive style guide based on stakeholder requests and end-user feedback.

SPFy, iOS & Android Mobile App | CareerFoundry Case Study

April 2021 - June 2021

- Adhered to Material Design and Human Interface Guidelines to design and test the final UI for 40 screens of an health protecting app. Designed and digitally created illustrations and graph.
- Emulated the Design-Thinking process to concept and create solutions for a completely original app.

EXPERIENCE

Mikimoto (america) Co., Ltd., New York, NY

August 2013 - April 2015

- Investigated user experience design requirements for digital assets.
- Development and conceptualization of a comprehensive UI/UX design strategy for the brand.
- Design a variety of digital assets across emails, social images and digital ads.
- Produced UI/UX & web design solutions through wireframes, visual and graphic designs, flow diagrams, storyboards, site maps, and prototypes.
